Present: Howard Taylor, Pail Burnore, Reggie Craig, Katen Frank, Laurie Clement

Howard gave an update on AC in the sanctuary and is investigating its programability to improve efficiency. He asked for and will review and negotiate all AMSCO bills for the past year. All have been paid but there is a possibility that some will be credited back. He reported on effects of recent tropical storm (details?). Paul suggested a digital recording device for recording sermons if the sound system recorder cannot be successfully engaged.

Locking and unlocking the front doors to the sanctuary will be the responsibility of the sexton using an Allen wrench. The ramp door will be locked after first 15 minutes of service.

Reggie will contact Silver Systems to evaluate Conway roof for repair or replacement.

Next meeting 5:30 Oct 13
